

Hello Everyone,

Just an update on the DV group work, we started on Tuesday 8<sup>th</sup> March, at Poulton CC & for the first 2 weeks we had no-one attending, as the women referred into the group were from Lancaster, we thought that may have been the issue, so we have now booked a room at Bowerham Nursery in Lancaster.

The group has been running there for the last few weeks & we have regular attendees, we will at present be continuing to run the group from there.

If you have any know of any women who fit the criteria please do fill in the referral form & send it to me.

If you know of any other agencies that maybe interested in this piece of work, please will you pass on the attached information.

Thanks Steph
