Dear Colleague

I am writing to inform you of a piece of work that has been developed between Poulton Children's Centre's Outreach & Family Support Team & LDWA, we have started a group for women whom have had experiences of domestic violence/abuse, whether it be their own or their family member, that has been abused or the abuser.

They must have been out of the relationship for at least 3/6 months.

We have attached a referral form, as we looking to invite women to this group, to take place on Tuesdays at Bowerham Nursery in Lancaster (at the moment) from 1-3pm.

Please could the referral forms be sent to me at the above address then we can book a 1 to 1 meeting with Jeni from LDWA, before they start.

You can contact me on 07825207040 or
